DEDICATION

This volume, a panorama of school life set against a backdrop of Texas occupations and industries, is dedicated to the belief that all have a "right to work in callings and localities of your choice," to "go into business, compete, and make a profit," and to cherish, protect, and maintain for future generations all the principles of free citizenship that we now enjoy in this great state of Texas.

P R E F A C E

As another term draws to an end, we, the Buffalo staff, present to you this partial record of nine months of Milby life. We hope this book will bring you joy as through the years these pages help you recall the places, events, and friends that made your high school work a pleasant and interesting experience.

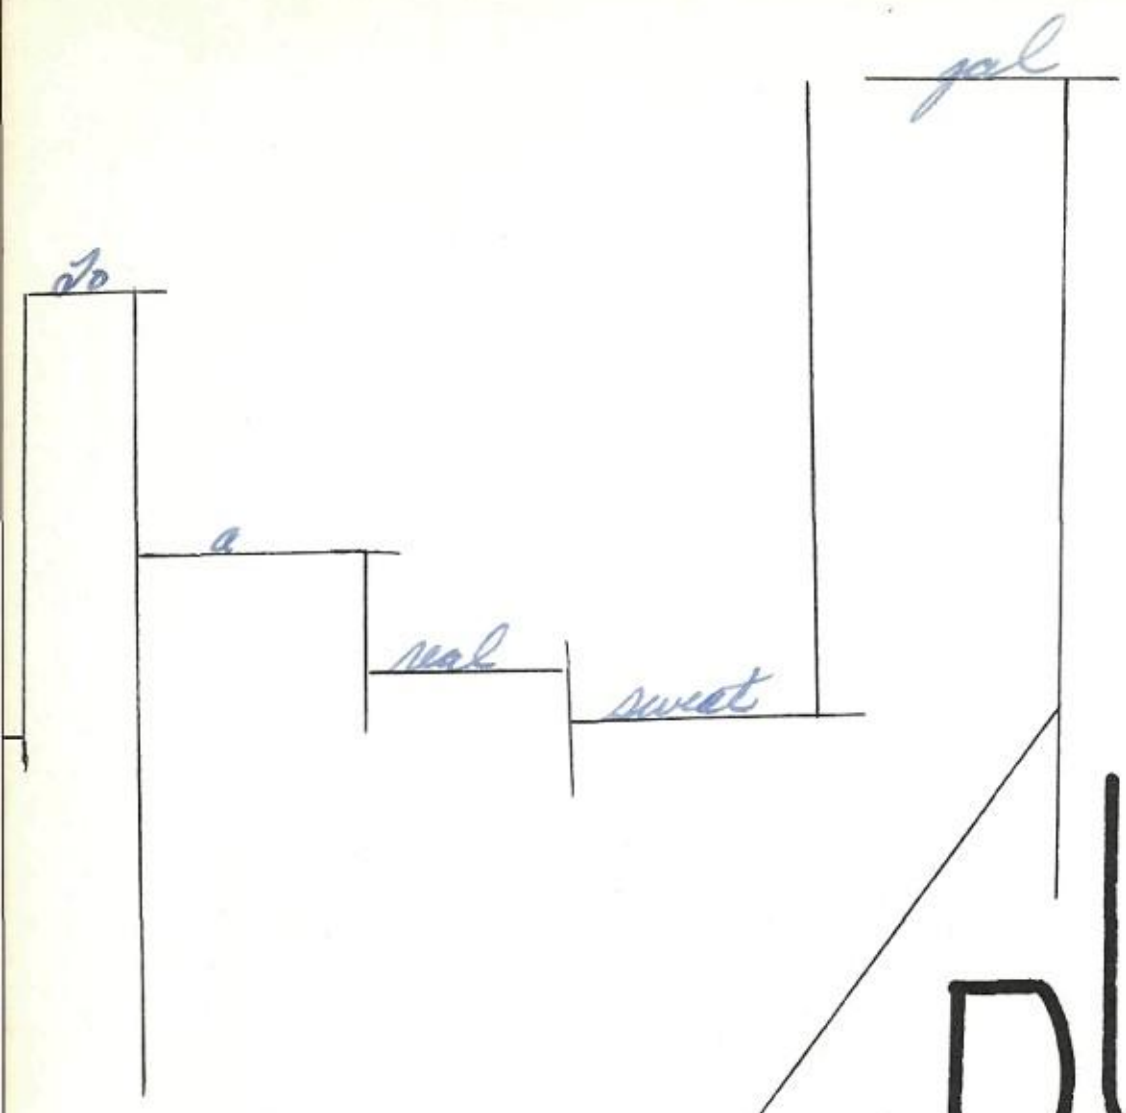
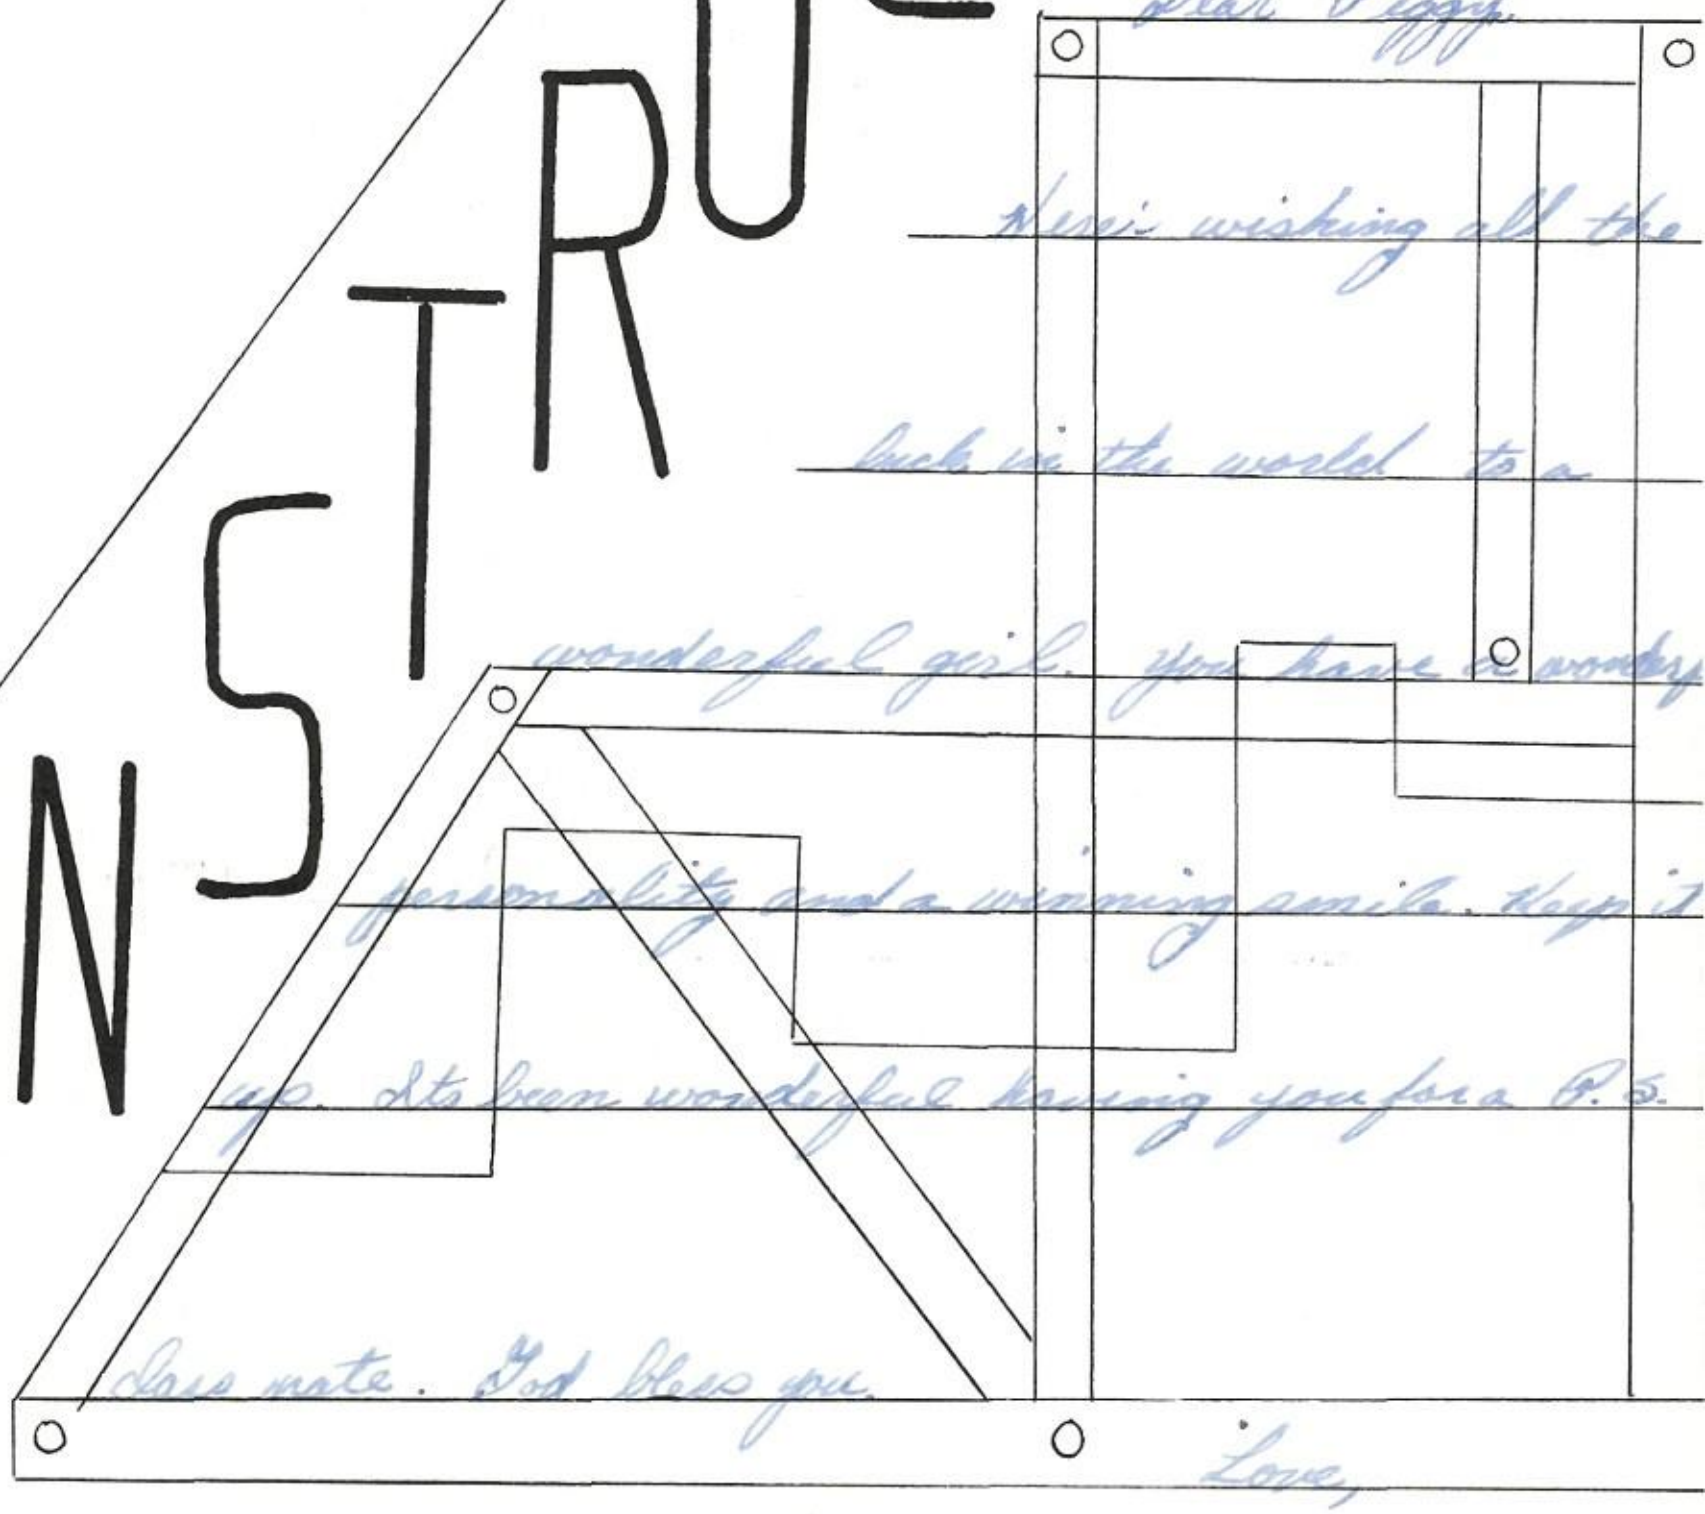
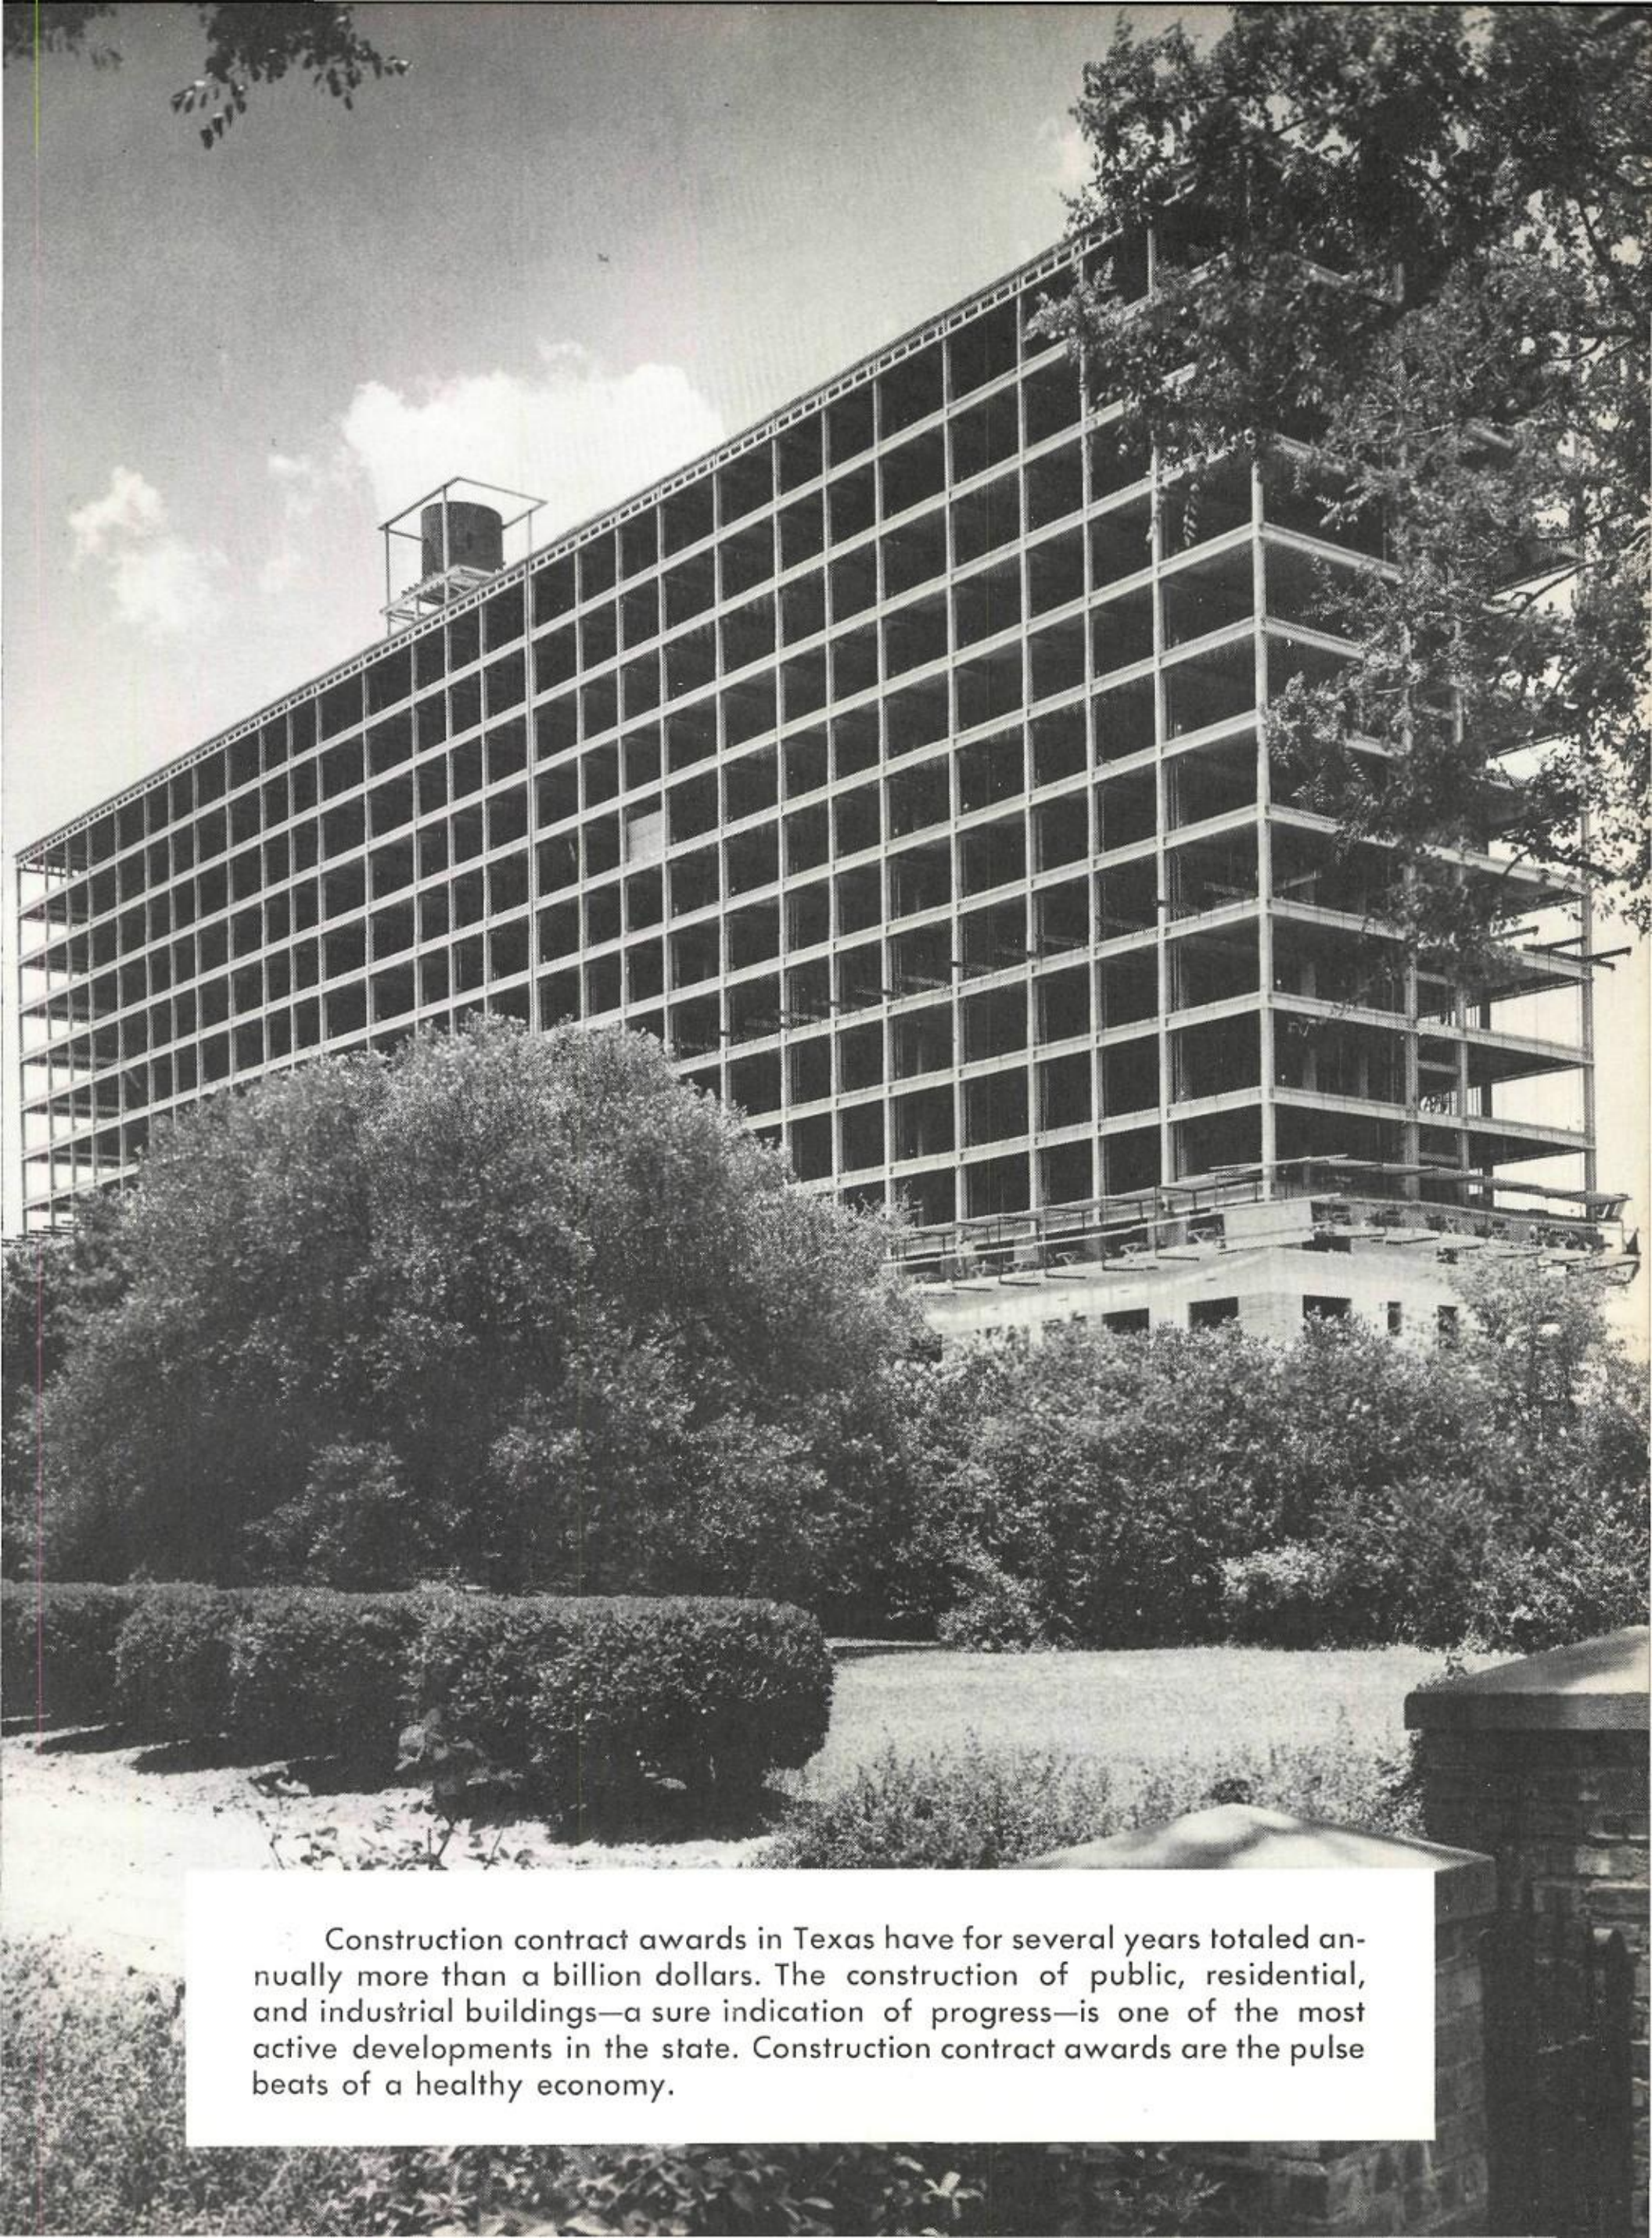
TEXAS LEADS THE NATION IN THE PRODUCTION OF RICE

CONSTRUCTION





Dear Peggy,
Just wishing all the
luck in the world to a
wonderful girl. You have a wonder
personality and a winning smile. Keep it
up. It's been wonderful having you for a P.S.
Love,
Sandra Sturdivant
Carolyn Benson



Construction contract awards in Texas have for several years totaled annually more than a billion dollars. The construction of public, residential, and industrial buildings—a sure indication of progress—is one of the most active developments in the state. Construction contract awards are the pulse beats of a healthy economy.

The pump is the key to the oil industry. Historical and legendary Texas is largely a products of cattle and cotton, but modern Texas is a product of oil and natural gas. Though the character of the state was developed on range, on ranch, and in the cotton fields, its wealth and cultural advancement have come chiefly from its "black gold"—oil that flows freely to the nations because Texas is the point of origin of the world's greatest pipeline system.

BISONETTES

Mrs. Theresa Englin, Sponsor

Loyal Milbyites and Boosters are the members of the Girl's Booster Club. They are the leaders, willing workers, and good will ambassadors of Milby. Selling cakes, pom-poms, and dance tickets supply the organization with sufficient funds. Last year the girls crowned Billy Jordan "Mister Touchdown" at the Foot-Ball. The loudest cheerers, the best supporters, and the fastest salesman are the boosters of the GBC.

THE PURPOSE OF THE ROTC

The Junior Reserve Officers' Training Corps is an organization composed of young men in high school. They are indoctrinated with Americanism and taught basic military subjects. The motto of the ROTC is "Learn Today—Lead Tomorrow." This in itself is evidence of the high ideals of the organization. ROTC battalions throughout the nation are active and aggressive in every proper respect. ROTC is an asset to the community and commands the respect of both civilian and military leaders. It is a potent enemy of juvenile delinquency: it is a builder of character. The officers and men of the ROTC are furthering a cause for the Cadet of today, the Officer of tomorrow.

Presented by the Milby Coed Cadette
April 30, 1955, in the Music Hall

Mrs. Mildred Rust, Sponsor

The '55 Carats, a variety show staged for the first time last year, is to be an annual performance. The first show was for the purpose of raising money to buy new drums. The Coeds were so successful in this project that they now look forward to the Carats as one of the high points of the year, furnishing not only financial gain, but social pleasure.

QUEEN BETH of the HOUSE OF COLLINS is decorated with a diamond necklace of fifty-five carats. This honor was extended through the courtesy of Mr. Steve Chazenow, who is shown ready to fasten the string of jewels.

Dear Peggy,
I haven't known
you long, but I am
sure it will be one of
the truly nice people
in the world.
I hope I get to know
you better.
Your friend,
James Saunders

Dearest Peggy,
"How do I love thee?
Let me count the
ways —" Your good
work, your enthus-
iasm, your beautiful
self have made a
bright spot in this
year for a tired old
teacher.
God bless you,
dear, and make all
your dreams come
true Lovingly, C. Atkinson
